Our thanks to Assumption High School for their gracious hospitality.

"Because we cannot see Christ we cannot express our love to him; but our neighbours we can always see, and we can do to them what, if we saw him, we would like to do to Christ...Our works are only an expression of our love for Christ. Our hearts need to be full of love for him, and since we have to express that love in action, naturally then the poorest of the poor are the means of expressing our love for God." -- Mother Teresa

"I do not agree with the big way of doing things. To us what matters is an individual. To get to love the person we must come in close contact with him. If we wait till we get the numbers, then we will be lost in the numbers. And we will never be able to show that love and respect for the person. I believe in person-to-person; every person is Christ for me, and since there is only one Jesus, that person is only one person in the world for me at that moment." --Mother Teresa
