(a) St. Patrick – Art Program

The pastor established a Committee of representative members of the parish to develop plans for stained glass windows and statuary. Three companies are currently submitting proposals for windows. Selection will be shared with parish at-large and fundraising will need to take place (estimated cost \$450-550K; parish has \$180K on hand for this project). The designs on hand (from 2 of the 3 vendors) were reviewed and feedback given. Once a selection has been made, the parish is to present to the DLC again for final recommendations.
