(3) New Business

(a) Camanche: new windows

-built in late 1960s; windows were intended to be temporary; now wanting to replace windows

-a number of companies were asked to present ideas – settled on GlassBlast (Bettendorf)

-images selected by 12 families

-double-pane/insulated with colored glass on inside and plain glass on outside... windows will not open...

frames will be prepared by parishioners and installed by company; vents?

-total cost approx \$25K

-concerns:

-images being determined by only 12 families and not community as a whole;

-do not use plaques / names on windows themselves – but perhaps a memorial book listing all those who have supported the windows...

-collection of images do not tell a coherent study and are not in a coherent style

-determine what else should be included (for example, doors...)

-use NABRE translation

-return when next version of plan is ready
