Fr. Chuck Adam. Review of findings of feasibility study. Parish aware that area / parish growing rapidly so something needs to be done. From those responding, there is strong support for campaign – both to address debt and to build addition. Western plan preferred. Setting 3 goals: \$4M/5.2M/6.4M. Total needed is \$7M. Pledges based on a 5-year campaign. Hope to pay off debt first and then address parking. Approved to proceed.
