3. New Business
   a. St. Thomas More – Fr. Chuck Adam & Mr. Ken Griesemer (liturgical consultant)
      The previous plans developed for St. Thomas More were reviewed, along with the
      recommendations that have been made by the liturgical consultant. Members of the Commission
      also added their observations and suggestions. All these comments will be taken into
      consideration as the parish continues their discernment and the architect develops schematic
      designs. These designs will be brought back to the DLC for review and further comment. The DLC
      recommends that the project continue.
4. Continuing Business
   a. Rediscovering Sunday – committee being assembled
   b. Lent & Triduum – guidance being prepared; draft shared with priests and additional questions
      surfaced; awaiting guidance from Vatican/USCCB/FDLC as well.

      She will try to arrange for a group viewing of the recorded session once it becomes available.
