Reviewed history of project, including recent liturgical programming sessions. Feedback solicited from parishioners. Reviewed 2018 concept design and discussed adjustments being proposed in light of recent consultation. DBC made recommendations re: access between levels. Seating for 1200. Particular attention is being paid to accessibility and environmental impact.

Estimated \$7M. This will change as get more specific with design. \$4.7M pledged. \$174K on hand. \$2.5M has been received from pledges already. No active fundraising during COVID. Getting ready to restart. Parking lot addition done; cost \$750K (phase 2; phase 1 was paying off debt; now moving to phase 3).

The DBC recommends that the project continues. Return with schematics.
