FGC Resources During COVID-19

Compiled by FGC 03.19.20

Questions, Additions, & Issues Contact:

brianna.bragg@multco.us

Document Purpose

The following are community resources we are collecting in one place for our community, informally. The county is still working on developing a webpage for our community that has more official supports including culturally specific fliers. Many people contributed to the resources in this document including community based mutual aid organizers who have beautifully taken on leadership roles to keep our communities up to date and safer during this time. Because this list is rapidly changing and being updated, not every resource has been vetted - please let us know if there is an issue with a resource or if you have another resource to add.

Government Guideline Updates

- [Governor Brown Guidelines](#)

Public Charge

- [Seeking Medical Prevention or Treatment for COVID-19](#) - The federal government's statement for folks seeking care for COVID-19
