

EASTER JOY!

The Sacred Triduum is over and we now begin the long and glorious Season of Easter! I don't want to repeat here what I said in my bulletin notes, so please check that out in the bulletin tab on the website (April 12, 2020) and on myParish.

I pray that this glorious season may be an occasion of renewed hope for all in our aching world, so desperately in need of hope, and may you find some special joy through prayer together on the live-stream masses and perhaps gathering around the table with those with whom you are living. Christ is risen and is with us now and every day!

**Peace in the risen Christ!
Fr. Chuck**
