Service Hours Record

Confirmation preparation is a two-year program, usually beginning in the 9th grade. Each Confirmation candidate will document **30 hours of service** during this two-year preparation. These hours should reflect service done for the church, his/her school, and the community.

Please keep track of your hours below and make sure whoever sponsors the activity signs your sheet. You may turn this sheet in at the end of your 9th grade year with whatever hours you have completed. Or you can turn in all 30 hours by **March 2** of your sophomore/Confirmation year. Service hours done the summer before 9th grade may be counted. Service Hours done prior to that summer will not be counted.
