The Birth of John the Baptist - June 24

John the Baptist had quite the following before people knew about his cousin Jesus. But when word of Jesus spread, John reacted with utter humility saying, "He must increase; I must decrease" (John 3:30).

Have you considered how you might be called to share the Good News with others?

Welcome Him.

**Mommy felt me kick today!** This month marks the half-way point to birth and the baby is very active. Sleep habits develop and his mother can feel him move and stretch, particularly when she is resting. He is big and strong enough to kick hard against the outside uterine wall and dent it. Up to now, although he swam with ease in his watery world, he was too small for her to detect because the inside wall of the uterus has no feeling. Babies born at this age have survived.
