START YOUR VISIT

Get a personalized care plan, labs ordered, and necessary prescriptions sent to your pharmacy

98point6 is a new kind of primary care that gives you on-demand access to a physician via private and secure in-app messaging, right from your mobile phone.

PRIVATE, FULL-SERVICE CARE

You get primary care services—including diagnosis, treatment, ordering of prescriptions and labs, or just questions answered—from high-quality, U.S. based board-certified physicians.

ON YOUR TIME AND TERMS

Care is accessed through a message-based app on your mobile device. You can get care from anywhere—during a break at work, while outdoors, or over lunch. No appointment, no travel, no waiting.

LOW OR NO COST, NO APPOINTMENTS

With 98point6, the cost per visit is \$0 for those enrolled in the Standard plan, and only \$5 per visit for those enrolled in the High Deductible plan. Prescriptions or labs received will be processed and billed in accordance with your medical plan benefits.

THE CATHOLIC DIOCESE
