GUIDELINES FOR CURRICULUM

EARLY CHILDHOOD

Catechesis leads the children to know God as loving and caring, to appreciate themselves and others as unique and special. It provides an environment for growth in faith which enables children to develop a sense of belonging to the Christian community.

Catechesis deepens the child's sense of wonder, awe, and thanksgiving for God's creations. It develops the capacity for spontaneous prayer and prayerful silence and introduces children to attitudes and elements of celebration.

GUIDELINES FOR CURRICULUM

PRIMARY GRADES

Catechesis at this level focuses on:

Mystery of God: Loving Parent and Creator of all people and things. God's goodness and love are seen in creation, other people, and one's own self in personal relationship with the Father, in Jesus Christ through the Holy Spirit. Our best response to God is to love God, and to love and care for his people and all of nature.

Jesus Christ: Jesus is God's own son, who lived to show us how to love God and each other. He gave up his own life out of love for us, and who remains with us. The Gospels are the primary source to learn about Jesus.

Sacraments: the meaning of the sacraments as our sharing in God's life and as encounters with Jesus are explained on their developmental level.

There is initial catechesis on the Holy Spirit, the Church and Christian morality. Mary and the saints and stories of Catholic heroes and heroines are shared.

Catechesis must create an atmosphere in which an invitation is extended through the sharing of scripture, tradition and the lived faith of those who believed before us in order to partake in the process of becoming a disciple of Jesus.

Catechesis continues to develop an understanding of the Trinity, of God as Creator, of Jesus and the Church, of the work of the Spirit in the church and of prayer and sacraments. The life of grace and morality continue to be built upon. Children are offered stories of Mary and the saints as role models.
