### Pastors Column: The Feast of Christ the King

This feast was instituted by Pope Pius XI on December 11, 1925— not long *after* the first World War, not long *before* the Second World War. The pope was concerned that Christian civilization was abandoning its Christian roots... and it was. Indeed, this feast was a liturgical response to the new political movements of the time- to Soviet Communism in Russia, to National Socialism in Germany, and to fascism in Italy. Pope Pius felt that the tyrannical rulers that were rising out of formerly Christian nations needed to be reminded that there is only one real king- Jesus Christ.

But the people also needed to be aware of it. The pope felt that a feast day would help the people focus on their allegiance to Jesus over and against any absolute nationalistic tendencies that were tearing apart Europe and causing incredible violence, disharmony, and discord. The people needed to refocus on Jesus Christ who

is the only source of lasting peace and harmony. How pertinent this message is for us-- even today! To read Pope Pius XI's own words, look up the document *Quas Primas*.

### A Thanksgiving Prayer

**Dear Lord: Today we give thanks for our many blessings as we pray for those in need. We give thanks for our family and friends as we pray for those who are lonely. We give thanks for our freedoms as we pray for those who are oppressed. We give thanks for our good health as we pray for those who are ill. We give thanks for our comfort and prosperity as we share our blessings with others. On this day of Thanksgiving, may the love of God enfold us, the peace of God dwell within us and the joy of God uplift us. Amen.**
