From Father: Emails

In the last few weeks, it seems that email communication has not been functioning properly. There have been two or three emails that I sent to various people who did not receive them. There were also a few emails that others tried to send to me which I never received. I have now become convinced that emails don't always arrive in the right inbox after the "Send" button is pushed. If you have not received a reply from someone to whom you sent an email, you may want to call them and make sure they actually received the email. This seems to have been a particular issue- especially for my diocesan email account in the last month or two.

We received our monthly report of the Diocesan Annual Campaign and to date we are at 73.35% of our goal of \$61,807.00, which puts us at \$16,472 short of the goal. If you haven't decided to donate yet, you can do so with the envelopes at the ends of the pews or gifts can be made online at www.hbgdiocese.org/dac Any amount given that is over our goal comes directly back to the Parish.
