

Dear Parents:

The St. Lawrence Live event was a HUGE success. A big thanks to everyone who helped make this night so special. Everyone had a great time and the money raised will greatly benefit our school. We look forward to next year's event as this fundraiser continues to grow and prosper.

We are off to a great start to the second quarter. The fall break seems to have revitalized everyone and we are now on the road to Christmas Break. Our STEAM Center is coming along nicely. We have added some incredible technology and the room is getting close to being completely renovated. We are hoping to have a grand opening event in December to showcase this great new addition to our school.

God Bless!

Mr. Detzel

Each week I will try to add a new tip to help your child succeed in school.

10 Student Habits to Help Your Child Succeed in School

7. Practice Active Listening. It's important for students to concentrate and avoid distractions when an instructor is presenting. Some tips to share with your child include: try concentrating on the main points being made, think about what the speaker is saying and pay attention to how things are said (gestures, tone of voice, etc.). They should avoid talking or thinking about problems when listening. If a teacher says, "This is important" or "I'll write this on the board," there's a good chance students will see the concept on an exam.
