

Dear Parents:

We are four weeks away from the end of the first quarter. I encourage you to log into your Jupiter account to make sure you are up to date on your child's progress. If you have any questions, please e-mail your child's teacher(s). We will be having virtual or phone parent/teacher conferences this year. They will take place the week after fall break. More information will be coming in the next couple of weeks.

The Chipotle fundraiser was a huge success. We earned over \$400! Thanks to everyone who ate out and helped our school earn some extra money.

God Bless!

Mr. Detzel

Bus Riding – Unfortunately, due to COVID-19 restrictions and the Lawrenceburg School Corporation guidelines, students cannot ride the bus home with friends. Sorry for the inconvenience and thank you for your assistance.

Dearborn County Retired Teachers' Grant – Mr. Detzel and Mr. Wagner both received \$500 grants from the Dearborn County Retired Teachers. Mr. Detzel was able to purchase 4 3D pens, filament for the 3D printers, and 5 forensic science kits for the STEAM Lab! Mr. Wagner was able to purchase a new projector to go along with the 3 other new projectors we were able to purchase this summer from other grants. These items add to the technology arsenal that we have assembled that gives St. Lawrence the ability to offer the best technology a school can provide.

Congratulations to the Snappy Tomato Students of the Month for August – These students received a free pizza from Snappy Tomato and a certificate announcing this accomplishment. The students were selected for their grades, work ethic, kindness, and attitude.

+ **Fraction Fun** – Show your child that fractions are a part of everyday life. For a week, have them record and illustrate each fraction they notice. For instance, they might write, “We had a half day of school today,” or “Mom asked for 1 and a half pounds of turkey at the store.” See how many examples of fractions they can find in a week.
