

V Encuentro Virtual Diocesan In-Service October 9-10, 2020

Updated 9.1.20

Description:

The pastoral landscape of the Church and society has experienced seismic shifts this year, amid the continuing unfolding of the crises of the pandemic, the call for racial justice, the economy, and the continuing impact of global climate change. Our people are searching for ways to respond to these great challenges with limited resources in a spirit of synodality.

The purpose of this national event is to complete the 6th Milestone of the V Encuentro process:

- visualize the future of Hispanic/Latino Ministry
- help dioceses and organizations identify, create, or fine-tune their pastoral responses at the local level
- rejoice in the fruits of the V Encuentro and our Catholic faith
- be sent forth once again as joyful missionary disciples.

Schedule

September:

- Video for new leaders about the V Encuentro process in general
- Video presentation of the Proceedings and Conclusions
