Photographs & Directory Information

I understand that from time-to-time images (photographs, videos, etc.) of my child may appear in school or parish publications, brochures, programs, or on websites unless I object in writing (such objections cannot be construed to include “crowd shots” in public settings such as athletic events, youth rallies and other such events over which the school/parish may not have overall control).

“Directory information” regarding my child may also be shared for legitimate purposes. Directory information is generally defined as: names, addresses, telephone listings, e-mail addresses, honors and awards, and similar information for school/parish use for purposes such as but not limited to program rosters, athletic rosters, parent-to-parent directories, playbills, programs, yearbooks, honor rolls and other such purposes. Directory information may generally be released to third parties such as school photographers, Providence and others for legitimate purposes. Please send any objections in writing to the school office.
