

Approval Process for Large or Complex Projects

Parish submits final report

Final report includes:

- All design and Construction Documents to an identified scale in PDF format.*
- All Construction Documents to an identified scale in DWG format, AutoCAD 2013 or newer.*
- All project communications. If a professional engineer or architect seal is required as a part of the project provide a scanned PDF copy of the permit application Construction Documents.*
- Recommendation from pastoral council or finance committee.*
- Detailed actual project cost.*
