Did You Know?

Recently, abuse against women has been thrust into the public spotlight, with the “Me Too” movement. It is important for parents/caregivers be aware of risks to girls and boys alike. Boys and girls both need to be educated on what’s acceptable and what’s inappropriate, and how to react if someone does something that crosses the line. It is important for adults to reinforce the message that we must all look for, identify, and call attention to the risky behavior exhibited by any adult toward any child.
