Parish Office Clean Up Day:

We've been looking at all of the empty rooms on the second floor of the Parish Office and, boy, do we have a lot of "stuff" up there! Which also means that we have a lot of space that, once emptied, can be used much more productively! We have plans to convert some of the rooms into meeting space, but we need help clearing out all of the unusable items first. We've rented a large dumpster and need help transporting items from the office to their final resting place (i.e., said dumpster). Please give us some of your time on **SATURDAY, JULY 18TH**. We'll gather at the Parish Office and will begin at 8:00 a.m. Even if you can only commit to one hour (at any time), your helping hands will be most welcome. Lunch will be provided. If you've been missing being able to contribute to our parish, this is a wonderful opportunity to get back that feeling of community! Please call the office at (626) 447-6202 if you have any questions.

Parish Master Calendar Update:

The Archdiocese of Los Angeles has approved the celebration of Mass and of the Sacraments **only**. We have not been approved for any other events, meetings, gatherings or activities on our property yet. At this point in time, we have cancelled anything that has been requested to be put on our Master Calendar through September 30th of this year. When we are approved for meetings, events, etc., we will be able to finalize our calendar and will publish it. It is our wish to welcome everyone back, but only when we are comfortable in the knowledge that it is safe to do so. Thank you for your patience.

Mass Schedule:

For the time being, and in consideration of current guidelines as mandated by the Center for Disease Control and the Archdiocese of Los Angeles, our focus will be on offering Mass according to the new schedule outlined in the left-hand column. Our Adoration Chapel will remain closed and there will be no Liturgy of the Hours on Sunday afternoons. Thank you for your understanding.

Religious Education Catechists Needed:

If the Holy Spirit has entered your heart with the thought of extending your love of God toward our young people, our Religious Education Program is where you need to be! We anticipate the need for three teachers for our next school year, which will begin in late September, 2020. Classes meet on Thursday afternoons from 3:45 to 5:00 p.m. and lesson plans are provided for you. If you would like to volunteer for this spiritually rewarding work, or if you have questions, please contact Arcie Reza at (626) 446-1625.

How To Prepare For The Celebration Of Online Masses:

Prepare Externally:

1. Prepare an altar table with candle and a crucifix.
2. Respond and participate in the online Mass. If possible, follow the ritual of standing, kneeling and being seated, as we do in church.
3. Have the Act of Spiritual Communion ready.
4. Invite the whole family and, together, join in our celebration of online Mass.

Prepare Internally:

1. Have a moment of silence.
2. Call the family together and say a prayer.
3. During Communion, recite the **Act of Spiritual Communion** together.
4. After the online Mass, recite the **Prayer to St. Michael, Archangel**.
5. Go to love and share the Lord—be a cyber missionary.

Did You Know?

After months of staying home, parents who are opting to engage in safe playdates should be aware of “friend fatigue.” Especially in the summer months, children have time for longer playdates, and often choose to spend time with their best friends whenever they can. But these playdates can be too much of a good thing. Pay attention to cues from your child that he or she needs a break--excessive fighting, bad behaviors, short tempers. Use informed judgment to determine when it's best for children to take a play break for a few days or so. For more information, get a copy of the VIRTUS article “Summer friends are great and all, but...” at <https://lacatholics.org/did-you-know/>.

Immaculate Conception School News:

Immaculate Conception STEM Academy has been selected as one of five Archdiocesan elementary schools to fully launch a comprehensive STEM education system. Students will focus on the science, technology, engineering and mathematics disciplines throughout all of their years at the Academy, thus preparing them for real-world challenges.
