AMAZING ARTIFACTS

An artifact is an object that has some significance or meaning behind it. In some cases, an artefact might even have a very important story behind it. I am sure you have a favorite game or item, or your parents have a special item in the house that they would consider an important artifact.

For today's task you are going to select **five** artifacts from the text you have been reading and explain what makes them significant or important.

They don't all have to be super important to the story but I am sure that at least a couple of them played a major role.

On the next page, there are five boxes where you will draw a picture of the artifact of each item and remember to label and color in each one.
