

2021-22 SY List of Low-Achieving Schools

Public elementary schools within this Commonwealth that ranked in the lowest 15% of its designation as elementary for the 2018-19 school year based on the combined Mathematics/Algebra I and ELA/Reading/Literature scores from the annual assessments (PSSA, PASA, and Keystone) administered in the 2019.

Pursuant to Section 2010-B of the School Code, 24 P.S. §20-2010-B, the Pennsylvania Department of Education (“PDE”) is required to publish a list of “low achieving schools”. PDE is also required to provide notice to school districts with low achieving schools. Under the authority of Act 13 of 2020, the required assessments that determine whether a school is low achieving were cancelled due to COVID-19. Despite the cancellation of the 2020 assessments, PDE must comply with publication and notification requirements for low achieving schools by Feb. 1, 2021. As a result, the list of low achieving schools for 2021 is based on the 2019 assessments; the most recent year that assessment data is available.

The term shall not include a charter school, cyber charter school or area vocational-technical school. Closed schools and special education schools were removed from the list.

The definition we used was a secondary school had an 11th grade and an elementary school was anyone else.
