

**Built By Me**®  
Hands on Learning

# Be the Game Designer

## Grades 2 - 5

Learn how to code and create simple games using Scratch MIT, a block-based coding developed by MIT, and micro:Bit, a microcontroller developed for education purposes by the BBC.

During the program, children will:

- learn about different game mechanics
- build games in Scratch MIT
- develop a game controller to work with their Scratch MIT game creations

**Tuesdays 3:00p - 4:30p**

**10/8, 10/15, 10/22, 10/29, 11/5, 11/12**

**\$195/Student**
