Dear Parents,

You may have noticed that teachers have begun to upload information to their google classroom sites. Teachers are doing this in preparation for the next few weeks of virtual learning. Starting tomorrow, teachers will be uploading assignments for students to work on while they are at home.

Students should be doing work each day. Students do not need to complete all of this work in one sitting. During the school day, we use 40-minute blocks of time for lessons and include time for specials, lunch, and recess. There are various schedules that students can use for completing their school work. Each family will form their own time schedule based on their unique circumstances. Teachers will be online and available to answer questions and assist with instruction Monday through Friday from 10 am to 2 pm.

We are in uncharted territory, and our teachers have been working diligently to develop activities and lessons that will guarantee a continuum of the curriculum and engage our students remotely. Rest assured that if we hit any bumps in the road, we will be working with parents and students to address the difficulties we encounter.

I know that the uncertainty of what we as a nation are going through can seem overwhelming. The most important things at this time are our families, and our physical and mental well being. You are all in my continued prayers. If I can be of any assistance, please let me know.

Christine Keeling
