

New Bus Drop Off Procedures

When St. Benedict School returns on January 11, 2021 we will employ a new drop off procedure for **BUS RIDERS ONLY**. **The procedures for all car riders will not change.**

Buses will no longer stop at the end of the wing doors to drop off at the crosswalks. All buses will drive past their original drop off locations and drop students off in the back lot by the Father Anderson Library at door **8B**. Buses will then depart normally.

Upon entering the building, temperatures will be checked and students will walk through the gym and proceed directly to their classrooms. The gymnasium will be disinfected during first period because there are no gym classes.

This new procedure will eliminate any possibility of cars passing buses and putting students in harm's way.

Again, this only affects drop off for bus riders. Car riders will follow the same procedure.

There are no changes for dismissal for any student.
