

June, 2020

Dear Parents:

The third grade students entering fourth grade this September 2020 at Our Lady of Angels School will be required to read one book this summer which is: Flashback Four #1: The Lincoln Project by Dan Gutman. This required book has required activities that need to be completed. There is a total of 7 pages: the first page is the rubric followed by the 6 activity pages.

Upon completion of this book, the students are required to do the 6 activity papers. This Reading assignment will be due on Friday, September 11, 2020. They will be handed in to their teachers. This Reading assignment is not optional.

These required activities will be counted as the student's first Reading grade for the first trimester. However, the Math activity pages are for reinforcement and practice only to keep math skills sharp. Another good idea is to continue working in the third grade Math workbook.

Thank you for your cooperation and support. See you in September, 2020. Have a safe and enjoyable summer.

The Fourth Grade Teachers
