Forming Future Leaders in the Faith

**August 2020**

**Dear Our Lady of Angels Parents and Guardians,**

**I pray this communication finds you safe and healthy and that you have enjoyed the relaxing summer months. During the month of June, we made our move from Cardinal O’Hara High School into our beautiful new building on Our Lady of Perpetual Help Parish grounds. We are settling in nicely and are preparing to welcome the children in September.**

**Since March of 2020 we have been carefully navigating through the effects of the CORONA-19 virus in every area of our daily lives. The world of education has been placed in a very difficult situation and many serious decisions have had to be made that effect our children and their academic futures. This summer has been no different. As the previous letters you received from the leadership of our Archdiocesan Office of Catholic Education have stated, we do plan, at this time, to open our school on September 2, 2020. Many safety measures have already been taken and many more are scheduled to be put into effect very soon. As always, your child’s safety is our first and primary concern.**

**Attached you will find the Procedures and Policies Document for the Our Lady of Angels Regional School. Each parent and/or guardian is being offered a choice in how their children “come” to school in September: either brick and mortar or virtual learning. The specifics of each option are outlined in the document. In a few days I will send a questionnaire that each parent and/or guardian will need to complete and return to school before the due date asking you to communicate your choice for your child(ren.) Please know that which ever choice you make will be in effect for the first trimester – until December 4, 2020.**

**You are in my prayers as you make this difficult decision for your children’s education. I appreciate your putting your faith and trust in Our Lady of Angels Regional School. Any updates will be communicated through our Option C Communication System.**

**Please call the school office at 610-543-8350 should you have any questions.**

**All In God’s Name,  
Mrs. Susan Lowe**
