

Students Serving Parishioners

Confirmation students are asked to perform 3 hours of volunteer service to the church as part of their sacramental preparation. This year we would like to give the confirmation students the opportunity to provide outdoor yard work to parishioners as a way of meeting their church-based service hours.

Parishioners, especially seniors or anyone with physical limitations, are invited to request a confirmation student to provide this outdoor volunteer service.

All requests for yard work should be directed to Linda Olsen, administrative assistant for the Faith Formation for Youth at: lolsen@pwc.church. Parishioners who do not have email can call the office at: 508-384-3373.

Parishioners should provide the following information as part of their request:

Name, Address, email, phone number. Please indicate the type of yard work you would like the student to provide. Snow removal can also be requested, but please be aware that student class schedules and other commitments may not always allow this service to occur in a timely way.

The parishioner will need to allow their phone number to be shared with the parent of the volunteering student so that arrangements for the service can be made between the parent and the parishioner. Please note that the faith formation office is not coordinating this arrangement and has no responsibility should the service not occur as planned. It is also important that all work requested be of a safe nature for the student and not require use of dangerous equipment.

Some students must complete their volunteer work by March 26, 2021, so please notify the office if your service will be needed after that date.

Please direct any questions to Linda Olsen at: lolsen@pwc.church
