DEAR O'CONNELL ALUMNI

AUGUST 30, 2018

Greetings from O'Connell College Preparatory School!

To get started, I want to let you all know that O'Connell would not be who we are without the help and support of our Alumni. Thank you to everyone who came out to Red, White, and BBQ on June 23rd while we honored Kay Potts for her 42 dedicated years in education. Thanks to funds raised at the event, we have launched *Acellus* in our *Kay Potts Learning Lab*, an online learning system with core technologies that enhance teaching and learning by tailoring the course content to each student's learning needs, meeting students at their level.

In this August Newsletter you will find content designed just for YOU. We hope to provide ways for our alumni to stay connected to the school as well as to one another.

A big way we work to keep you engaged is through our annual Homecoming events in the fall. Mark your calendars for **Homecoming 2018 – October 18th-20th**. The weekend will include the traditional Snake Dance downtown on Thursday evening, followed by the annual Bonfire on East Beach, the parade on Friday with past and present court members, and the annual tailgate across from the stadium on Saturday prior to kick-off with live music, cold drinks, and old friends. Please feel free to use this time to help us get fellow alumni back together.

This summer we have hosted and celebrated reunions with many classes. We have also built an online store: <https://sideline.bsnsports.com/schools/texas/galveston/oconnell-college-preparatory>, offering gear to help represent your Alma Mater wherever you go. Stay tuned for a BINGO date in September. As we head back into TAPPS, we look forward to your support at upcoming Volleyball and Football home games. Next month in Volleyball – Sept. 4, Sept. 13, Sept. 20, Sept. 25, and Sept. 29. Next month in Football – Sept 7 and Sept 28.

As always, if you move, get a new job, get married, have a baby, write a book, or anything else, we want to know about it! Send us updates at admin@oconnellprep.com or give us a call any day!

Sincerely,
O'Connell College Preparatory School
