

Class Description

The goal of this class is, first and foremost, to offer students an opportunity to learn and grow in a fun faith based environment. By the end of this class, students will collaboratively compose a song using their acquired knowledge of notes, rhythm, solfege and melody. With support from our talented parish musicians, this song, (or songs) will be recorded and shared with the whole St. Mark community.

Each class will be divided into three parts: Music Games, Lesson Time, and composition. This structure will first reinforce current music knowledge, second introduce new concepts and third, offer teamwork opportunities where youth will work together to create original musical ideas using what they've learned in class.
