The purpose of this program is to encourage people of all ages to search deeper into the roots of Pope John Paul II and to learn about him and his views, especially on life. Most of the questions are discussional. The answers are NOT black and white, so it is recommended that participants research and formulate their answers with their own opinions and words, not just copying words from another source. Participants are encouraged to really learn about Pope John Paul II and to create their own image of him. This program should be light, yet serious, and it wants to be user friendly for any family, Troop, Crew or other group in its endeavor to build camaraderie and a better understanding of the life of Pope John Paul II.

Parents

Parents are strongly encouraged to use this program to enrich the spiritual formation of their children, especially with the 1st through 5th grade requirements. A family may sit down together, in one or two sessions, and discuss the requirements, plus some additional time for activities done outside the discussions.

Scout and Youth Group Leaders

A Scout Unit, or youth group, may easily set aside some time in a few of its meetings, over the course of two or three weeks, to discuss the requirements. Another idea might be to use this program as a campout activity. Very lively discussions might be enjoyed around a campfire!

It is important for parents to participate in this program with their children. They should engage their children in conversations on the requirement topics, outside of unit meetings. A parent’s involvement is essential for this program to reach its maximum level of spiritual enrichment.

- *Totus Tous*— Totally Yours or All Yours. There was no doubt that John Paul II was sustained in his resolve to surrender his will completely and totally to God. His life motto, Totus tous, says it all. That sense of surrender brought about an unusual sense of confidence in his own abilities and the strength he needed to address any of the worlds or the church’s challenges with courage and faith.

- *Vitae Defensor*— Defender of Life. John Paul II was always consistent and was a great defender of life in all its forms. He was against the death penalty even for those who were great sinners. He talked about protecting the life of the unborn. In many quarters of society, those are not popular messages. (Reflections on the Life of Pope John Paul II, Brother Stan Sobczyk, F.S.C.)

- *Evangelium Vitae*— Gospel of Life. Today's culture is challenging the right to life, not only at the beginning of life but at the end and even in between! When the inviolable rights of the human person are proclaimed and the value of life publicly affirmed, "the right to life, is being denied or trampled upon, especially at the more significant moments of existence: the moment of birth and the moment of death" (Pope John Paul II, The Gospel of Life [Evangelium Vitae], 18) From the Living the Gospel of Life: A Challenge to American Catholics, A Statement by the Catholic Bishops of the United States
