A history of St. Pius Mission at South Fork in Pleasant Township, Perry County, Ohio, appeared in our Bulletin in January, 1983. A reading of the cemetery is included in that issue. Its successor, St. Pius in Moxahala, appeared in the issues of March and April, 2013.

The baptismal records of St. Pius Mission are found in four books:
A - a register belonging to St. Pius Mission, dated 1855 to 1877, but with gaps in the 1870s. At the year 1859 it refers to baptisms recorded in the register of St. Dominic Mission, McLuney, but this book has not yet been located.
B - a combined register of St. Pius and St. Dominic, dated 1876 to 1885 but excluding the years 1882 through 1884. This register and the next for the most part indicate in which church the sacrament was conferred.
C - another combined register of St. Pius and St. Dominic, dated 1876 to 1898. This book contains no St. Pius records before 1882. A few earlier records are scattered in this book and have been brought into chronological order in the present list.
D - the register of the Church of St. Dominic/St. Matthew/the Atonement at Crooksville, from 1898. This register does not state the place of administrations of the sacrament, but does indicate the birthplace or residence of the parents.

The records kept at the church in Crooksville in this era do not differentiate between those
administered in St. Pius and those at Crooksville. However, the new book that begins in 1898 was
designed as a baptismal register, with a blank to indicate "from place" for each parent. Those
included here say the parents were "from" South Fork or Moxahala. These must be places of origin,
not current residences, because some spouses are listed with different towns. Father Baltaser
Mattes, who became pastor in 1906, appears to have recorded residences rather than birthplaces of
parents, for the most part.
