www.columbuscatholic.org

You have the right to direct the investment of retirement plan contributions among the investment options offered under the retirement plan. Properly investing retirement contributions is important for planning your future retirement income. You should consider your investment direction decision carefully. This notice provides information regarding where contributions submitted to the retirement plan for your benefit will be directed in the absence of your investment election. You may direct the investment of the retirement funds by visiting www.principal.com.

Investment Option Default

If you have not provided complete, up-to-date direction as to how the account set up for you under the retirement plan is to be invested, the account will be invested under automatic rules. You need to understand these rules and make sure that you are comfortable with them or that you take action to direct the investment of the account according to your preferences. These rules state that, if we do not have complete investment directions from you, the retirement funds in the account and new contributions for which we do not have direction will be directed to SSgA Target Retirement K Fd, sub advised by State Street Global Advisors. Your directions must be received at the Corporate Center of Principal Life Insurance Company.

See the table below to identify the SSgA Target Retirement K Fd that will apply based on your current age and when you will reach the plan's normal retirement date. For information on how you may make an investment direction election, please see the "Right to Direct" section below.

Normal Retirement Date	SSgA Target Retirement K Fd
2014 or earlier	State Street Target Retirement K Fund
Between 2015 and end of 2024	State Street Target Retirement 2020 K Fund
Between 2025 and end of 2034	State Street Target Retirement 2030 K Fund
Between 2035 and end of 2044	State Street Target Retirement 2040 K Fund
Between 2045 and end of 2054	State Street Target Retirement 2050 K Fund
2055 or later	State Street Target Retirement 2060 K Fund

Note: Neither the principal nor the underlying assets of the SSgA Target Retirement K Fd are guaranteed at any time, including the target date. Investment risk remains at all times.

To learn about the retirement plan's default investment option and related objectives, risk and return characteristics, and associated fees and expenses, please see the following description and attached investment information or Investment Option Summary included in the enrollment workbook for the SSgA Target Retirement K Fd that will apply.

Target Date portfolios are managed toward a particular target date, or the approximate date the investor is expected to start withdrawing money from the portfolio. As each target date portfolio approaches its target date, the investment mix becomes more conservative by increasing exposure to generally more conservative investments and reducing exposure to typically more aggressive investments. Neither the principal nor the underlying assets of target date portfolios are guaranteed at any time, including the target date. Investment risk remains at all times. Neither asset allocation nor diversification can assure a profit or protect against a loss in down markets. Be sure to see the relevant prospectus or offering document for full discussion of a target date investment option including determination of when the portfolio achieves its most conservative allocation.

Right to Direct

If you do not want retirement funds to be directed as indicated above, then you may elect to direct the retirement funds to investment options under the retirement plan by visiting The Principal Web site at www.principal.com and logging into the account or by calling 1-800-547-7754.

You may make changes to your investment direction as allowed under the retirement plan. This includes transferring any contributions from the applicable investment option default to another investment option. Transfers out of the investment option default are not subject to restrictions, fees or expenses¹ for a 90-day period, unless the fees and expenses are charged on an ongoing basis for the operation of the investment². See the attached investment information for information regarding restrictions, fees or expenses after the 90-day period.

Additional Information

For additional information about the investment option default or other investment alternatives under the plan please visit www.principal.com or contact:
