Dear Catechist/school teacher,

Enclosed you will find *Christology; True God, True Man*, from Loyola Press, as well as a copy of the U.S. Bishop’s document, *Welcoming the Stranger Among Us*. Please read both of these. Once you have completed them, submit a one page summary on each of them.

**For Christology:**
What was your understanding of the humanity and divinity of Christ before you read the book?
What challenged you in the book?
What is your new understanding of the humanity and divinity of Christ?

**For Welcoming the Stranger Among Us:**
Before you read the document, reflect on your understanding on how diverse your parish community is. Who are being ministered to? What cultures are represented?
After you read the document, what new understanding/appreciation do you have for the Church’s teaching?
How can your parish reach out better to the cultures who are and are not represented?

Please send these two reflections, along with the Christology book to
Tish Scargill
