WAY OF THE CROSS

We all know the old adage “One must walk a mile in another one’s shoes to know what they have been through.” Well, in order to unite us closer with the Lord, one must place him/herself in every step our Lord took through His most grievous Passion. By doing this, we console Him by loving Him enough to walk the path He so lovingly endured for our sake to redeem us in order that we might be with Him in eternal life. This is the Lord’s insatiable thirst.

Immerse yourself in heart and mind to experience the healing power of contemplating Our Lord’s Passion, Death and Resurrection. When doing so, the barriers of time and space no longer exist. You come to the Lord in such a personal way; you can no longer be the same. It is just another one of the infinite gifts our Lord gave to us to draw closer to Him.

There are a few efficacious meditations attached to the fourteen Stations of the Cross that may be worthy of your time: Archbishop Fulton Sheen has a version of the Way of the Cross with very powerful reflections and prayers before and after each Station. There is also another version given by the Mercy Saint herself, Saint Faustina.

On the Year of Mercy table, you will find a version of the Way of the Cross that incorporates the Spiritual and Corporal Works of Mercy and it coincides well with the Year of Mercy.

Mercy in Action

*This week’s **Mercy in Action** is for all of St. Peter Parish to visit the St. Peter Adoration Chapel, even if it is for five minutes. It will deepen your faith and strengthen your relationship with Christ.*
