LIVE THE LITURGY

Inspiration for the week

Do you understand the true spiritual meaning of hope? Hope is the theological virtue by which we desire the kingdom of heaven and eternal life as our happiness. It is found when we place our trust in Christ's promises and rely not on our own strength, but on the help of the Holy Spirit. Hope, when seen in this way, doesn't set its sights purely on the things of this world but on the promises of God to come. Hope always is linked with faith and love. Often our hope can become too self-focused and something that is only about me and things that matter to me. Christ's resurrection reminds us that it is not ultimately for this purpose. What is the reason for your hope? Our Easter season provides the opportunity for us to again assess whether it is the kingdom of heaven and life eternal or something else.

*"In all your actions
seek in the first place the
Kingdom
of God
& his glory!"*
