

# 10 REASONS

## TO CHOOSE HOLY CROSS

### 10 ACADEMIC EXCELLENCE

Our students achieve academic excellence through traditional methods and have great MAP RIT percentile growth with class averages that put us near the top of the rankings of all schools. Also, our graduates continue to achieve excellence beyond Holy Cross as evidenced by high school accomplishments and placement.

### 9 CATHOLIC TRADITION

Our first priority is for our students to live in an authentic Catholic culture and experience their Catholic heritage from a perspective that seeks to know the Truth through their faith. Not only do our students seek to know Truth, but they are also continually drawn toward the truly good and beautiful.

### 8 WORKS OF MERCY

Our students and community participate in works of service and mercy multiple times a year. We believe in teaching compassion for others and taking it one step further by acting on that compassion.

### 7 FAITH EDUCATION

Our school shares a beautiful faith vision that is loyal to the Magisterium and lived by all. Students participate in the Catholic faith every day while attending Holy Cross and continue to do so after attending our school.

### 6 ALUMNI SUCCESS

Our alumni have the reputation at our feeder high schools of being well-formed in their faith and as learners, while showing a confidence in forging ahead to know God's call for them in their lives and future vocations.

### 5 INDIVIDUALIZED LEARNING AND VIRTUE FORMATION

Our students receive individualized learning through our instructional methods that focus on developing virtue in all facets of their lives. Our teachers are committed to helping every student succeed regardless of the obstacles.

### 4 EXTRA-CURRICULARS

Our school offers both curricular and extra curricular opportunities that focus on a joyful childhood--always with a focus on Truth, Beauty, and Goodness. Students have opportunities to participate in sports, technology, chess, and the arts both in school and after school.

### 3 TEACHERS AND STAFF

Our teachers and staff go above and beyond the duty of educating students. They have a passion for forming saints and scholars while helping each child know that he/she is loved, known, and seen by all at Holy Cross.

### 2 ACCESSIBLE TO ALL

Our leaders are committed to making Holy Cross accessible to all parishioners (and non parishioners) financially and logistically with transportation as well as being a full-service institution that meets the needs of all. As well as being an exceptional learning program which underlies our aspirations to meet the needs of all.

### 1 COMMUNITY

Our community is a spiritual community within a culture of life. Parents, families, and friends are all encouraged to participate in our community because we believe in parents as the primary educators of their children.
