## **Grading Policy**

Student grade will be based upon the following:

- classwork/ participation
- homework
- Tests
- Quizzes

### Homework/Classwork Assignments

- For some assignments students may be graded on a check, check plus, or check minus. These are to give students an idea of if they are giving acceptable answers.
- Handing in classwork and homework assignments on time is of the utmost importance
- For some assignments, students may receive a letter grade, this is not a quiz or test. The assignment may just be given more weight as a classwork or homework assignment.

### Test/Quizzes

- These will be graded as either letter grades or on a percent of 100.

Students should be aware that reading at home is part of their responsibility. If they do not read when such an assignment is given, then we can not spend the class discussing the topic. Students who demonstrate that they are not reading (by lack of participation or quality of answers) will have their homework/classwork grades affected
