**VALUE OF THE MONTH**

\*Our value for the month is October is the Care of Creation. This value calls us to be good stewards of all that God created. It calls us to care for and protect our environment for future generations. In the beginning,

“God created the heavens and the earth. (Genesis 1:1)” This value is being observed by all schools in the Arch and will be incorporated into our daily lessons throughout the month. As part of emphasizing this value we are reminded that “Bullying is not acceptable.” Showing care of creation and love for each other shows respect for all that God created. Please join us in emphasizing this at home as well with your child so that together we help our students develop the value of loving and caring for God's world each day in our lives.

Stay well and God Bless,

Mrs. Fusco
