

INSTRUCTIONS FOR SENDING TEST SCORES

Elyria Catholic will NOT provide ACT and SAT test scores with the official transcript.

1. It is the student's responsibility to research the testing requirements and testing policies for each college to which they are applying.
2. When you register for the ACT and SAT, you can elect to send your scores to the colleges in which you are interested.
3. Please remember that scores must be sent well in advance of the application deadline to avoid a late application.
4. Please include the Elyria Catholic school code of 362-075 on your registration form, so that your counselor receives a copy of your test scores. We need all scores to counsel.

SENDING SCORES:

ACT – Score Reports can be obtained online from the student's ACT account. Students can choose 4 schools to send their schools to for free when they register for the test. In your account, you can verify which schools you sent your schools. If you need to send scores then it will cost \$13. You can order and pay for your scores to be sent online through your ACT account.

www.actstudent.org

SAT – Additional "Score Report Forms" and online "Score Report Forms" can be obtained from the SAT test center to send scores at a later date. The report is a cumulative report of all SAT, not PSAT, tests completed since the 9th grade.
