

Parent Perspective

Please write down 1-3 detailed examples of your child's strengths that I can highlight in my recommendation letter. I like to present as full a portrait as possible of your child to their chosen colleges. Since colleges will already receive their academic and activity resumes, it would be helpful to focus upon character issues...things that I would otherwise, perhaps, not know, such as how he/she handled a difficult situation, reached out to another person, etc.
