

Career Day

We will be holding our annual second grade “Career Day” on Thursday, February 4th. Each student should dress up in clothing for the career that they are doing their written project on. They can bring any tools they want to share with the class during a brief oral report that they will present in front of the class.

The written report should be at least 3 paragraphs long. They should have a colorful cover for their report. It can be written or typed. This will be graded as a project for Social Studies. Illustrations or photos can also be included in the report (but are not mandatory).

Here are some ideas to help write the report:

1. Name your career.
2. What kind of training or education is involved?
3. What will you have to learn to do this job?
4. What are your responsibilities?
5. What kind of tools will you use each day?
6. How might you dress each day?
7. What is your pay salary like?
8. Would you have to travel for your job?
9. Where might you work? (office, school, hospital, etc..)
10. Are there any difficulties? What is the best part about your job?
11. Tell any interesting facts about your job.

** Please remember to check your punctuation, capitalization and spelling. Always write in complete sentences.
