Supply List 2021-22

One helpful way to encourage organization for middle school students is to color-coordinate items for each subject area. For this reason, we recommend the following colors for each class's folders, binders, notebooks, etc.:

| | |
|----------------|--------|
| Religion | Purple |
| Choir/Band | Black |
| Science | Green |
| Math | Red |
| Social Studies | Blue |
| English | Yellow |
| Spanish | Orange |

Another important way to stay organized is by using an assignment notebook or planner. While a certain type of planner is not required, we HIGHLY ENCOURAGE you to provide one for your student! A regular notebook can also be easily used for this purpose.
