

Hello,

My name is Patricia Doyle and I am the owner of Touch of Music. We are a music therapy and music education studio located in Pottstown. We were founded in 1993 and are beginning our 20th year of creating music.

Since January of 2009, we have been providing the instrumental music program here at St. Mary Education Center. We are so excited to continue for the 2013-2014 school year. We are looking forward to providing your children with a quality instrumental music education during the school day. All music lessons will be on Wednesdays in the music room. We are accepting students in grades 4 through 8.

We will offer lessons on the following instruments:

Flute	Trumpet	Percussion	Guitar
Clarinet	Trombone	Piano**	
Alto Saxophone	French Horn	Violin	

**all piano lessons are individual.

Dr. Jann Huggens will teach our band instruments and piano. She has been teaching music for more than 38 years!

Andrew Ghrayeb will be teaching guitar lessons.

Our goal is to continue to build the instrumental music program at St. Mary's. We have a very experienced and talented staff to work with the children and we can't wait to get started.

Please review the fees and dates which are all on the registration form. If you have any questions or concerns please feel free to contact me at Touch of Music, 610-326-0630.

Sincerely,

Patricia A. Doyle, MT-BC
Touch of Music

PLEASE WATCH THE ST. MARY EDUCATION CENTER WEBSITE FOR ALL FORMS AND INFORMATION REGARDING INSTRUMENTAL MUSIC LESSONS.
