

ST. ELIZABETH ANN SETON NEW BUILDING UPDATE

Volume 2, Issue 5

May 2019

Groundbreaking Celebration!

What an exciting time for our parish! We are one step closer to seeing our new building become a reality! We are abundantly blessed to have come this far in our journey to provide much needed office space, expanded food pantry, and a new chapel. It has been a long journey and not without sacrifice. Many parishioners have generously extended their original pledge and we are most thankful for their commitment and sacrifice. We also recognize many parishioners are aware of the need for additional pledges to secure the bridge loan and they too are carefully considering how they can help reach the parish pledge goal. Together we will all share the joy of being a part of this significant endeavor for the SEAS family!

Capital Campaign Finances

\$1,500,000 Cost for Building Construction

\$ 615,859 in Cash Reserves

\$ 302,112 in Assets from Current Pledges (Ending 2019)
