

Diocesan Consecration to Immaculate Heart of Mary Information for Ordering Popup Banners

Some parishes have expressed an interest in printing popup banners for use before, during and after the Diocesan Consecration on Dec. 10, 2017.

To assist parishes in procuring their own banners, we have made a design available through *Diocesan* (formerly known as Diocesan Publications/Trinity Publications), in English and in Spanish. *Diocesan* already publishes many of our parish bulletins.

The banner design is not dated (so that it can be displayed indefinitely), nor is it customized with the name of the parish.

What you need to know:

- Banner is over 6'5" tall and is printed on durable, high quality paper with water resistant inks. Once the parish order is placed, printing happens within the next 1-3 business days. Shipping time is determined by parish location.
- Since there is no design fee, banners may be ordered for **\$39 each** plus shipping.
- Need a Banner Stand to display your new banner? *Diocesan* can have it added to your order at a cost of **\$89/stand**, with the banner pre-loaded in the stand.
- If you already have a stand with a model number other than D3303, *Diocesan* can work with you to send you the appropriate upgrade hardware for your present stand, free of charge.
- If you prefer a different banner configuration, *Diocesan* has the option of creating your banner with pole pockets or grommets in the 4 corners. The pole pocket option can be done with 2" hems on the top and bottom, or with 4" hems on the top and bottom. Simply let them know your preference when placing your order.

Banners can be ordered here: <https://diocesan.com/product/consecration-of-the-diocese-of-austin/>
