

All PreKindergarten, Kindergarten and new students must submit a **health** form prior to September 1, 2020 to OLSS. I would encourage that you contact your pediatrician to schedule a visit.

- Considering the present **health** emergency no student will be allowed to enter school without the Medical form submitted prior to school.

Forms needed can be found at:

<https://www.schools.nyc.gov/school-life/health-and-wellness/health-services>

Students needing medication during the school day must also file a Health 504 by Sept. 1, 2020

Forms should be complete and brought to the school no later than Sept 1, 2020

Our Lady Star of the Sea School does not accept any requests for exemptions from immunizations.

Students who are not compliant with all immunization requirements will be excluded from attending classes at OLSS.
