

***Cleaning Product Used In Church*** ~ In our effort to maintain a clean and safe environment for your return to Mass, our church will be cleaned and disinfected after each use. We will be using the cleaning product provided by the State of New York, which contains the following ingredients:

- Isopropyl alcohol 75%
- Softened water
- Glycerin USP
- Hydrogen Peroxide
- Citrus Fresh Fragrance

When using this product, avoid contact with eyes. In case of eye contact, flush with water.

We wanted to let you know in case you have any known allergies to these ingredients.

And, as we continue to take steps to stop the spread of the COVID19 virus, we encourage you to:

- Wash your hands often with soap and water
- Avoid touching your eyes, nose or mouth with unwashed hands, especially before you eat
- ***If you feel sick, stay home***
