

Safe Environment Review

Each person has dignity and must be treated with respect. We show respect for each other in our language, behavior, and interactions with each other. Our respect includes the right to privacy for our own bodies.

Your body is sacred and you have a right to protect it. If you ever feel uncomfortable with the actions of others toward you, tell a trusted adult.

How can I protect myself?

- Trust my own feelings
- Know what my values are, what my goals are
 - Be assertive
- Leave a situation if I am uncomfortable
 - Don't walk alone, especially at night
- Avoid a situation if it appears it may be dangerous
 - Be Aware of Your Surroundings
 - Be Aware of Information You Give Out
- Be Aware of Who You Communicate With When You Use Electronic Media

Make a list of ways we show respect for each other in our families and in school.
